another book play. Its author, Jackson Gregory, has demonstrated that he knows how to hold the attention and in the photodrama made from the novel Harold Lockwood and Fred Balshofer, who have adopted it, show their ability to take that story and put it on the screen in terms of good, red-blooded action. Under Handicap is a story of New York and the desert, principally the desert. The Burton Holmes travelogue will be shown and a very funny Black Diamond comedy completes the bill.

#### FRUIT GROWERS' MEETING

To Be Held in February at Hartford .-Plan to Exploit Connecticut Fruit

Fruit growing in Connecticut and methods of making it more popular will be the subjects for discussion by the Connecticut Pomological society when it has its three days' session on Feb. 6, 7 and 8, in FootGuard hall. Hartford. George W. Staples of West Hartford is president and H. C. C. Miles secretary of the society. At least 1,000 from all parts of the state are expected.

"We want to advertise our fruit,"

want to advertise our fruit. said Mr. Staples yesterday, "and get the consumers to realize that there are no better apples, peaches, pears, etc., grown anywhere in the country than in New England. We want the growers to be educated as to which growers to be educated as to which are the very best varieties for him to grow and market and then he will only grow these varieties. By cutting but the no-good varieties the grower will be conceatrating his efforts and of course get much better results. There are, for example, considerably over 100 varieties of apples now grown in Connecticut and there should not be over forty. "It is our plan to educate the people so that they will use our own home grown fruit instead of getting so much from the tropical sections of the country,

#### How Old Are You By Your Hair?

You may be thirty in years, but if you are bald-headed, gray, or your hair is dry, brittle, scraggly and ugly looking, people will surely take you to be many years older. There is nothing like good looking hair to help men and women to business and social success.

like good looking hair to help men and women to business and social success.

Dandruff is the root of most hair troubles. It clogs the scalp pores, robbing the hair roots of the stimulation nature intended, then the hair becomes faded, dry, brittle, scraggly looking, and finally falls out—never to regrow again unless the hair root is tmmediately restored to a healthy condition. At the first sign of dandruff or any hair trouble, use Parisian sage. It's a scientific preparation that supplies all hair needs—there is nothing better. It immediately hanishes every trace of dandruff and supplies the proper nourishment to the starved roots, stimulating them to grow new hair, thick and lustrous. A sealp massage with Parisian sage is a pure delight, easy to use, not sticky or greasy, and delicately perfumed—an amber liquid free from dangerous lead or sulphur, perfectly harmless and guaranteed not to color or streak the hair. It's preferred by discriminating women because it makes the hair soft, silky, way, easy to arrange, and appear heavier than it really is. A large bottle is not expensive at any drug store or toilet counter, but be sure-to get Parisian eage (Giroux's), for this is always sold with money back guarantee. Lee & Osgood Co. will supply you.

AN APPEAL TO HOUSEWIVES. Housewives, save, save every orust.
It's save you will, and save you must For we're short of bread and we're short of meat.
We're short of all that we need to eat.
But isn't it queer? Oh, isn't it queer.
That we're short of bread and long of beer?

Housewives, save, save every crumb.
Save every peach, save every plum;

short of wheat,
We're short of all that we need to eat
But isn't it queer? Oh, isn't it queer
That we're short of bread and long or
